Orlando di Lasso

Oyez, oyez! The farmer from Eselkirchen has a plump goose, with a long, fat, thick, willowy neck: Bring the goose hence my trusty Jonney! Shear, pluck, scald, roast, carve and devour it! That's St. Martin's bird, whom we would not turn against! Servant Heinz, bring some good wine and pour bravely; let it go all around, and in God's name let us drink good wine and beer to the boiled, roasted, young goose that it do us no ill.
